## Student Information Form

---

### MATH CAMP REGISTRATION

Dear Parents,

Thank you for taking the time to thoughtfully answer these questions. I can work most effectively with your child when I have ample background information about them!

Please email this back to [amy.scheff@colorado.edu](mailto:amy.scheff@colorado.edu)

**\*forms for the whole group should be emailed all together as a group.**

**\*Please carefully read policies noted at the end of page 2. Submitting this form indicates you have read and agree.**

NAME OF STUDENT:	PARENT NAME(s):
AGE & BIRTH DATE:	
HOME ADDRESS:	
PARENT HOME or CELL PHONE:	
PARENT EMAIL:	
SCHOOL:	GRADE:
TEACHER NAME:	
MATH PROGRAM USED AT SCHOOL:	

**Campers must be registered as a group of 2-4 children.** Please list the names of all campers who will be in a group. In addition, please have each parent fill out this registration form and **submit all together in one email**. An invoice will be sent to the lead parent to be paid within 24 hours to hold the dates.

Dates of camp:

Group members:

In-Person or Virtual/Zoom?

If in-person, which parent will be staying on-site with the kids?

Choose **one parent to be the group organizer**. That is the person who is registering and paying for camp. All other campers will reimburse that parent. PLEASE have this person submit this form for all campers in one email. Amy will communicate available dates to the parent organizer.

Parent Organizer Name:

How many weeks of math camp are you registering for? (minimum is 2 weeks)

Please indicate preferred dates of camp. You can reach out to Amy to find out current openings. Math camps will be held in the morning hours, typically at 10 or 11 am. **Dates are confirmed and held when payment is made and the forms are submitted for all campers.**

How many times per week would you like camp? \_\_\_\_ 3 days/week \_\_\_\_ 4 days/week

# Strategic Math Tutoring

## Student Information Form

Tell me about what led you to have interest in math camp.

What are your goals as a parent for math camp?

What is your child's current attitude towards math learning? Are you aware of any specific goals or hopes your child may have for math?

Tell me about your child as a learner of mathematics.

- What do you see as strengths?
- What do you see as challenges?
- What is their confidence level with mathematics?

What is your view of your child's mathematics education experience thus far?

Tell me about any learning differences/challenges and any IEP or 504 considerations?

### **\*\* IMPORTANT: To register, please. . . .**

- Submit all forms for a full camp group (all campers) in one email.
- Have ONE "lead" parent pay for camp within 24 hours of confirming dates with Amy and receiving invoice. Camp dates will not be held beyond 24 hours from requesting dates if payment is not made. This lead parent will need to arrange to be reimbursed from the other parents.

Submitting the registration form acknowledges that you understand the following:

- At least one parent must stay on-site during the entire camp each day.
- Campers MUST have technology experience prior to camp to access Google Drive, screen share from and annotate.
- Cancellations made after payment (but more than 7 days before camp starts) will result in a refund minus \$100 to cover costs incurred to plan and prep for camp. Amy will be ordering materials and preparing as soon as payment is made and camp is booked.
- Cancellations and refunds are not available less than 7 days prior to the start of camp. By this time, camp materials have been purchased and a considerable amount of preparation has been made to be ready for your campers.
- You have read and understand the technology know-how and equipment requirements for successful participation which can be found on our website.
- This camp is for enrichment and extra practice rather than remedial tutoring support.
